CLIENT TYPE SERVED:

Adults or children with mental, emotional illness or mental retardation. Children from birth to 18 years with serious emotional disturbances, behavioral and psychiatric problems. Persons 18 years and older are linked to Adult Services.

SERVICES AVAILABLE:

- **Assertive Community Treatment (ACT)** - Provides treatment, rehabilitation and support to people

with severe and persistent mental illness that have had multiple hospitalizations or involvement with the judicial system, homeless shelters or community residential placements. The ACT team helps people with both clinical and rehabilitation services.

- **Continuity of Care**- A staff person is liaison for people in state schools and state hospitals and helps people plan for return to the community.
- **Family Education** - Informs families about mental conditions, the options for treatment and the ways to manage problems.
- **In Home and Family Support** - Grant funds aid eligible individuals or their families to purchase services, support, adaptive devices or architectural modifications necessary to maintain functioning in their own home.
- **Medication Related Services** - A physician prescribes the medication a person needs to get better. A nurse (or other qualified person) assesses the effects of the medication. Medical staff teaches the skills a person needs to safely administer and monitor their medication.
- **Outreach** - Outreach activities link persons to community healthcare and support services. The goal is to reach persons who might otherwise not get care because of symptoms of a disorder, economic hardship, homelessness, and unfamiliarity with services, lack of transportation or other barriers.
- **Residential Services & Support Living** Operates ICF-MR and HCS homes, residential living for persons with mental retardation. People who live in the community receive support to

maintain their independence.

- **Respite Services** - Both in-home and out-of-home care are provided to persons when family or caretakers need relief of their responsibilities on a temporary basis.
- **Skills Maintenance Services** - People with severe mental illness receive long-term services in day programs, which ensure personal well-being and reduce risk of out-of-home placement.
- **STAR Services** - Youth ages 7-17 who are delinquent or at-risk of runaway, truancy, homelessness, abuse/neglect or family conflict receive help with crisis intervention, conflict resolution, skills training, counseling, linkage with resources and case planning.
- **Substance Abuse Counselor 1** - Adults or teens receive assessment of problems, information about substance abuse, counseling and referral to treatment resources.
- **Support Housing** - Persons with severe and persistent mental illnesses choose, get and keep regular housing, with support. Services include funds for rental assistance or sources for affordable housing, in-home training, and assistance in finding housing and moving in and service coordination.
- **Vocational Services** - Assist persons with mental illness or mental retardation to prepare for, find and maintain employment. Job placement, vocational support and job coaching are provided in natural community settings. Vocational support and training for persons with long-term needs are provided in a sheltered workshop setting.
- **First Time Offender Program** - A specialized treatment program for

adolescents who are identified as being involved with the Juvenile Justice System, or are "at-risk" of involvement with the juvenile authorities for the first time and who meets the priority population criteria for services. This includes youth that are referred from the school system because of delinquent behavior. Family members may also identify their child as a first time offender if they have knowledge the child has been engaging in behavior of a delinquent nature. Children identified as "First Time Offenders" receive a specific intervention on their treatment plan to address and alleviate their delinquent behaviors. Collaboration with School, Probation, Child Protective Services and Parents is exercised *to* the greatest extent possible.

CLIENT TYPE SERVED:

The Department of Assistive and Rehabilitative Services (OARS) provides services to Texans who are disabled. House Bill created the agency 2292 of the 78th Texas Legislature as part of a major transformation of the state's health and human services system. OARS administers the programs previously provided by the Texas Rehabilitation Commission.

ELIGIBILITY REQUIREMENTS:

- A person may be eligible for this program if:
- The person has a disability that results in substantial problems in obtaining employment.

- Vocational rehabilitation services are required by that person to prepare for, get, or keep a job.
- The person is able to get or keep a job after receiving services.

Services will be determined through informed client choice; that is, after providing information about options and alternatives.

SERVICES AVAILABLE:

The Vocational Rehabilitation Program serves people with a wide variety of disabilities, including:

- Mental Illness
 - Hearing impairment
 - Impaired functioning of arms or legs
 - Back injury
 - Alcoholism or drug addiction
 - Mental retardation
 - Learning disability
 - Traumatic brain injury
 - Other physical or mental disabilities that prevent the person from finding and keeping a job.
- Services, based on individual needs, include:

- Medical, psychological and vocational evaluation to determine the nature and degree of the disability and the client's job capabilities.
- Counseling and guidance to help the client and family plan vocational goals and adjust to the working world.
- Training to learn job skills in trades school, college, university, on the job or at home.
- Hearing examinations, hearing aids and other communication equipment, aural rehabilitation and interpreter services for the deaf and hearing impaired.
- Medical treatment and/or therapy

- to lessen or remove the disability.
- Assistive devices such as artificial limbs, braces, and wheelchairs to stabilize or improve functioning on the job or at home.
- Rehabilitation technology devices and services to improve job functioning.
- Training in appropriate work behaviors and other skills to meet employer expectations.
- Job placement assistance to find jobs compatible with the person's physical and mental ability.
- Follow-up after job placement to ensure job success.

Communication Access

Provided to persons who are deaf or hard of hearing for essential services and community participation. This service includes sign language or oral interpreters, and real-time captioning.

Information and Referral

Information and referral regarding deafness and/or hearing impairment is provided to all persons who inquire, regardless of hearing loss. Referrals are made to the appropriate sources for additional services and/or information in the local communities or where appropriate.

Hard of Hearing Services

For persons who are hard of hearing, late deafened or oral deaf. Includes training, information, referral and adaptive equipment, demonstrations provided by a hard of hearing specialist.

Senior Citizens Program (SCP)

Geared toward bridging the communication barriers and reducing the isolation facing persons who are deaf or hard of hearing, ages 60 or older. Services vary from area to area and may include coping skills training, independent living services, and recreational activities.

Early Intervention Program (EIP)

Funds various projects to identify individuals with possible hearing loss and provide information about available resources. Projects target high-risk populations.

Communication Access Mentor Program

Funds projects through local service providers for advanced training opportunities for interpreters to upgrade their skills.

Regional Specialist Program

Funds projects through local service providers to assist state and local governments, organization and private entities in making their services accessible and readily available to individuals who are deaf or hard of bearing. The program also addresses attitudinal and cultural barriers of the

Revised April 2009

target population which may hinder successful service delivery, provides information and referral services, and may provide training geared toward the needs of both the service population and the service providers.

Interpreter Outreach and Training

Offers agency sponsored training opportunities for interpreters. Continuing Education Units (CEU's) for certification maintenance are awarded to participants in any approved training.

Camp SIGN

Camp SIGN is a weeklong summer program for children between the ages of 8 and 17 who are deaf or hard of hearing. The camp program is totally dependent on donated funding. Camp SIGN is a communication barrier free environment for students who are deaf or hard of hearing. Camp SIGN is for boys and girls between the ages of 8 and 17 who are deaf or hard of hearing who can benefit from the outdoor training program. For more information, please contact Ann Horn at (512) 407-3251 TTY or by e-mail at ann.horn@dars.state.tx.us.

Certification of Deafness for Tuition Waiver

Provided to applicants for tuition waiver at state supported post-secondary schools in Texas. Applicants must have an average uncorrected hearing loss of 55 decibels (dB) or greater (using 500, 1000, 2000 and 4000 Hz) or a physician who will certify that the applicant is "functionally deaf and the primary mode of communication in the classroom is visual" to quality.
