RETENTION / ATTRITION

The Retention threshold set by the CoAEMSP is 70% and based on the percentage of students enrolled in the Paramedic program who started on the enrollment date and graduated. The success of Retention will be computed using the total number of students that completed in the most recent reporting year (2019) and is calculated by determining Attrition (the number of students who dropped out divided by the total number of students enrolled). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage. Programs must follow and report attrition/retention as specified by their sponsor institution policy. In situations where there is no sponsor institution policy, the program may not count students as attrition if they withdraw or are dropped from the program before a maximum of 25% of the total Paramedic educational program hours including all phases (i.e., didactic, lab, clinical, field experience, and capstone field internship) are concluded.

Retention Threshold 70%	Cohort #1:									Reporting Year Totals

Manually Calculate Attrition/Retention Results:

Attrition = $\frac{\text{Total \# of Academic Reasons} + \text{Non-academic Reasons}}{\text{Total \# of Students enrolled}}$

Retention = 100% - Attrition

Are results for both the National Registry & State Written Examinations being reported?

No

Which written examination results are being reported?

National Registry

National Registry / State Written Examination

The National Registry Written Examination threshold is 70% (set by the National Registry) or the State Written Examination threshold is 70% (set by the State). The success of any examination results will be computed over the most recent reporting year (2019) based on the total number of graduates attempting the examination (i.e., unduplicated head count of attempters who pass).

National Registry / State Written Threshold 70%	Cohort #1:									Reporting Year Totals
Enrollment Date	8/26/2018									
On-time Graduation Date	8/10/2019									
Total Graduates in Reporting Year *(answer required for each category below) see definitions by hovering over any of the red comment triangle(s)										
	10									10
*Number of Graduates Attempting the Certification Examination or State License (NREMT + State)	10									10
*Number passing - First attempt	4									4
*Number passing - 3rd attempt cumulative pass rate	5									5
Total Passing in 2019	5									5
National Registry / State Written Pass Rate Success	50.0%									50.0%

The outcome threshold of 70% has not been met.

(For informational purposes only to check for accuracy)

Manually Calculate NREMT/State Written Examination Results:

$$\text{NREMT Pass Rate Success} = \frac{\text{3rd attempt cumulative}}{\text{\# of total graduates attempting the written examination}}$$

Positive (Job) Placement

The Positive (Job) Placement threshold set by the CoAEMSP is 70%. Positive (Job) Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the Paramedic educational program.
