

WORK 4 COLLEGE

Northeast Texas Community College

Meet Eric Vasquez.....

Eric is a senior at Mt. Pleasant High school where he will be graduating at the end of May. He will be attending the University of Texas in the fall of 2018 and majoring in engineering.

However, two weeks before he walks across the stage at his high school graduation, he will walk across the stage at Northeast Texas Community College. On Saturday, May 12, he will graduate from NTCC with his Associates of Science Degree!

Eric participated in the Work Scholarship Program at NTCC for the past two summers. He not only learned the value of hard work but he also earned enough funds to pay off his tuition and fees (in advance) for all of his dual credit classes.

By completing his first two years at NTCC and being on track to graduate Texas in two more years, Eric has saved himself more than \$50,000! I guess you could call this his own personal Work Scholarship Savings Plan! Work. Learn. Earn.
