

## Where are they now?

Alex was in the Work Scholarship Program in the summer of 2014 and again in the summer of 2015. After completing the program he enrolled in the Shelby Automotive Program where he graduated with both a one and two year automotive certificate. In addition, he also completed the Summer Shelby High Performance Academy. After finishing the Automotive Program he then enrolled in, and graduated from, the Auto Body Program. He is now working full time in Winnsboro at Winnsboro Tractor where he is a mechanic and he restores old tractors. This picture was taken the last week of September '18. He is on

campus taking a business class so he can also receive his Associate's Degree!

Harley was enrolled in the Work Scholarship Program in the summer of 2018. She worked all summer in the Library, never missing one hour! She told me she could not afford to miss work because "it is just me and my mom, we need all the help we can get." Harley is a senior at Mt. Vernon High school. She is enrolled in 12 hours of dual credit this fall. Her goal is to finish as many hours as she can before high school graduation and then come to NTCC and graduate in one year. Afterwards, she wants to transfer, possibly to North Texas in Denton. She will leave NTCC debt free....and she has worked hard for it!
