

Where are they now?

Blake Rice, from Gilmer, Texas, started the Work4College Program five years ago. After completing the program and then graduating with his Associate's Degree from NTCC (debt free), he went on to complete his Bachelor's Degree and is now teaching Ag classes at Mt. Pleasant High School. Blake got his start in College by participating in the very first Work4College class at NTCC.

If you know someone who you think could benefit by being in this type of program please encourage them to apply as soon as possible (applications are due April 15). For more info on the program we have printed a copy of the Work4College job flyer on the back of this page.

Or, if you are interested in sponsoring one of these students please contact Dr. Jon McCullough at 903-434-8115 or by email at jmccullough@ntcc.edu
