

WORK COLLEGE

Northeast Texas Community College

They Really Are Willing to **WORK!**

This past week, 89 Work4College students took their first step in paying for their college education. The program has grown so much in the past 10 years, and we could not have done it without your support. We want to personally thank each of you who have supported the program in the past.

Once again, we are taking a leap of faith by offering a few extra students the opportunity to participate in this life-changing program, hoping that some additional supporters will decide to step in and sponsor a student.

All scholarship sponsors will soon begin receiving handwritten thank you letters from the student(s) they sponsored. At the end of the program, sponsors will be invited to a luncheon at the college to meet the student(s) in person!

The students that you support will WORK, SERVE, LEARN and EARN their way through the summer!

Where do they all work? 67 of the students work on our college campus doing anything from general farm work to campus maintenance, yet some enjoy the perks of the air conditioner in our Student Services and IT Department. 22 of the others work on campuses of local school districts we have partnered with (Chapel Hill, Como-Pickton, Daingerfield, Harts Bluff, and Winnsboro).

If you think you may be interested in sponsoring one of these students please let us know as soon as possible. Although the total cost for a student to participate in the program is \$2,000, **the cost to personally sponsor a Work4College student is only \$1,000** because we have received a generous dollar for dollar matching grant.

If I can answer any questions, or provide you with more information, please don't hesitate to contact me at 903.434.8246 or e-mail me at mmay@ntcc.edu.

Sincerely,

Mason May
Work4College Program Director
