SCANS Skills:

Resources: Identify specialized materials, tools, and equipment and utilize them in the correct manner.

Interpersonal: Recognize limitations of expertise and communicate with clinical professional when questions arise. Show respect for the clinical professional and peers during clinical time.

Information: Apply information gained from lecture, laboratory, internet and independent study to demonstrate skills specific to the clinical areas of assignment.

Systems: Apply critical thinking skills to clinical/medical assistant problems.

Technology: Use computers and the internet to access course materials, skills, and other relevant course information.

Lectures & Discussions:

N/A

Evaluation/Grading Policy:

STUDENT CLINICAL PERFORMANCE GRADING GUIDE

Each Clinical Semester will begin with 100 Points. Students must maintain 75 points and a satisfactory clinical evaluation to pass and receive credit for clinical. Point Deductions will occur for each infraction that includes the following, but is not limited to the following defined points or infractions. Repeat infractions will receive increasing point deductions for each incident. *All students will be required to demonstrate continued competency of ALL clinical skills. Although your procedure grade average maybe 75 or better, if you fail ANY procedure after three attempts you will receive a failing grade for the course and be dismissed from the program. This is in compliance with the CAAHEP Standards which reads in the following statement and may be found on the CAAHEP website:

"In addition, medical assisting students must obtain a passing score on all psychomotor and affective domain objectives (competency procedures) in the course. CAAHEP accreditation requires 100% of all medical assisting graduates pass 100% of all competencies (procedures)."

Journal entries - Every other week the students will be expected to complete journal entries as part of their practicum grade. This grade will count for 30% of their grade.

Clinic Grade - 70%

Journal Grade - 30%

-5 points

- Late arrival to clinical site (max 40 minutes)
- Uniform code violation
- Documentation error or omission
- Inappropriate pre-clinical preparation
- Failure to turn in evaluation, time sheets and written work when due

- Unethical behavior
- Accepting gratuity
- Other

Tests/Exams:

Students are evaluated on a weekly basis by the clinical professional with review by the practicum coordinator . The evaluation tool is supplied by the MAERB and provided to the student in their clinical handbook.

Assignments:

9 Contact hours per week are required. Clinical times may vary depending on the clinical site. Students are given a schedule and flexibility in scheduling will be necessary to meet the course objectives.

Other Course Requirements:

Supplies: Stethoscope, bandage scissors, penlight, pocket calculator.

Student Responsibilities/Expectations:

Outlined in the MDCA 1360 Clinical Handbook

NTCC Academic Honesty Statement:

"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Academic Ethics

The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College counselor to obtain a Request for Accommodations form. For more information, please refer to the NTCC Catalog or Student Handbook.

Family Educational Rights And Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Other Course Policies:

Student Clinical Time Sheet: Students will be expected to sign in and out of clinical sites. Failure to do so will be counted as a missed clinical day.

Forgery will not be tolerated. If a student is found forging time sheets a failing grade will be assigned; leading to dismissal from the Medical Assistant Program.

Students will not receive compensation for externships or be used as a paid employee of the clinic site while performing practicums.
