

BCIS 1305.083 Business Computer Applications – Online

Course Syllabus: Fall 2024

"Northeast Texas Community College exists to provide personal, dynamic learning experiences empowering students to succeed."

Instructor: Linsey Harwell

Office: BT 119B Phone: 903-434-8129 Email: lharwell@ntcc.edu

O.C.	Monday	Tuesday	Wednesday Thursday		Friday	
Office Hours	8:30 a.m 9:30 a.m. 11:00 a.m 12:00 p.m.	9:00 a.m. – 12:00 p.m.	8:30 a.m. – 9:30 a.m. 11:00 a.m. – 12:00 p.m.	8:30 a.m. – 11:30 a.m.	By appointment only	

This syllabus serves as the documentation for all course policies and requirements, assignments, and instructor/student responsibilities.

Information relative to the delivery of the content contained in this syllabus is subject to change. Should that happen, the student will be notified.

Course Description: 3 credit hours.

Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet.

Prerequisite(s):

Knowledge of keyboard.

Student Learning Outcomes:

- 1. Describe the fundamentals of information technology concepts hardware, software, security, and privacy.
- 2. Demonstrate proper file management techniques to manipulate electronic files and folders in local, network, and online environments.
- 3. Create business documents with word processing software using spelling and grammar check, format and layout, tables, citations, graphics, and mail merge.
- 4. Create business documents and analyze data with spreadsheet software using (1) tables, sorting, filtering, charts and graphics, pivot tables, macros; (2) statistical, financial, logical and look-up functions and formulas; and (3) add-ins.
- 5. Create business multimedia presentations with presentation software using templates, lists, groups, themes, colors, clip art, pictures, tables, transitions, animation, video, charts, and views.
- 6. Create databases and manage data with database software using tables, fields, relationships, indexes, keys, views, queries, forms, reports, and import/export functions.
- 7. Integrate business software applications.

- 8. Use web-based technologies to conduct ethical business research.
- 9. Use "goal seeking" and "what-if analysis" to solve problems and make adjustments/recommendations in a business environment.

Evaluation/Grading Policy:

All assignments/quizzes/tests/exams are completed individually and submitted electronically through the TestOut links in Blackboard. Final grades are based on a weighted average. Individual Assignment, Quiz, Test, and Exam grades will be posted within 5 days of the posted due date. Please pay careful attention to the due dates (see course calendar for due dates). **Late work will NOT be accepted**.

This course adheres to the NTCC Academic Honesty and Ethics statements discussed below. In addition, if a student submits the work of anyone else, they and the other person (if possible) will earn a zero grade on that assignment. If this happens a second time, the student will be dropped immediately from class with a failing grade and a note of academic dishonesty placed on their permanent NTCC record.

Assignments (average is weighted 25% of final grade):

*Students can attempt the Challenge Lab Assignments multiple times until the due date. The highest grade earned by the posted due date will be used for final grade calculation.

Microsoft Word: 13 Challenge Labs Microsoft Excel: 10 Challenge Labs Microsoft PowerPoint: 9 Challenge Labs Microsoft Access: 5 Challenge Labs

Quizzes (average is weighted 25% of final grade):

*Students can attempt the Applied Lab Quizzes multiple times until the due date. The highest grade earned by the posted due date will be used for final grade calculation.

Microsoft Word: 13 Applied Labs Microsoft Excel: 9 Applied Labs Microsoft PowerPoint: 9 Applied Labs Microsoft Access: 4 Applied Labs

<u>Tests (average is weighted 30% of final grade)</u>:

*Students have two attempts on the tests. The highest grade earned on the two attempts by the posted due date will be used for final grade calculations. The tests are timed and limited to 80 minutes.

Microsoft Word Exam (1 Test) Microsoft Excel Exam (1 Test) Microsoft PowerPoint Exam (1 Test) Microsoft Access Exam (1 Test)

Final Exam (weighted 20% of final grade):

* Students have two attempts on the exam. The highest grade earned on the two attempts by the posted due date will be used for final grade calculations. The exam is timed and limited to 120 minutes.

Comprehensive Final Exam (covers Word, Excel, and PowerPoint)

Final Grades:

Final grades are based on the weighted average as outlined above. There are NO extra credit opportunities. Please understand that I must adhere to this grading policy for all students so exceptions will not be made.

Weighted Average Scale for Final Grades					
100% - 90%	A				
89% - 80%	В				
79% - 70%	С				
69% - 60%	D				
59% and below	F				

Required Instructional Materials:

Publisher: TestOut Pro Certified: Microsoft Office® Library

ISBN: 1-Year License ISBN: 978-1-935080-80-0

This course does *NOT* utilize inclusive access, meaning the students *MUST* purchase the required TestOut access code in order to access the course materials (this includes all graded assignments, quizzes, tests, and exam). Students can purchase the required access code from the NTCC bookstore or directly from TestOut by following the steps outlined below:

Website: Shop.testout.comEnter Price Code: 2573-258-AK

• Scroll down to *TestOut Pro Certified: Microsoft Office*® *Library* (see visual below)

• Complete purchasing steps through the TestOut system.

TestOut Pro Certified: Microsoft Office® Library

1-Year License ISBN: 978-1-935080-80-0

Optional Instructional Materials:

None

Minimum Technology Requirements:

- Daily high-speed internet access
- Minimum System Requirements for TestOut (please use hyperlink for specific details)

Required Computer Literacy Skills:

- Basic computer usage skills
- Email skills

Course Structure and Overview:

All courses require extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments. Items are due weekly, and sometimes each day of the week (see course schedule for specific due dates). Thus, keeping up with the schedule is essential to your success. Late work is **not** allowed in this course, so you must plan your schedule carefully.

All graded assignments, quizzes, tests, and exams are completed using the TestOut software via the Blackboard links. Please pay close attention to the grading calculations as outlined in the Evaluation/Grading Policy portion of the course syllabus. Your instructor will adjust grades in the Blackboard gradebook to align with the grading policies (i.e. the highest grade earned by the posted due date will be used for all assignments and quizzes and the highest grade earned on the two attempts allowed

on tests and exam by the posted due date will be used for final grade calculations). Students will have the ability to attempt various assignment types in the TestOut environment multiple times throughout the course, but the instructor will follow the grading policies outlined in the course syllabus for final grade calculations.

If a student is repeating this class, please note that you will be required to complete all assignments during the date range of the current course. Previously completed attempts on graded assignments/quizzes/tests/exams in prior semesters will not be transferred to the active course. You must complete all required assignments during the dates of the active course.

Communications:

- Email: Please check your NTCC email daily. Email is the official form of communication used here at NTCC. All emailed questions to the instructor will be responded to within 24 hours (Monday-Friday), but usually within a few hours when possible. My email address is lharwell@ntcc.edu.
- **Phone:** My office phone number is 903-434-8129, however, if you need immediate assistance, you may call my cell phone at 903-767-0056 (please do not call or text before 8:00 a.m. or after 9:00 p.m.). I do not respond to long detailed questions via text message.
- **Announcements:** These can be found in Blackboard under the course link on your Blackboard homepage. Please make sure you are reading any announcements thoroughly when they are posted.
- **Blackboard Messages:** These can be found in Blackboard under the Messages link in your Blackboard course. Please check daily.

Institutional/Course Policy:

Late Work Policy:

The word "assignments" refers to all work that is submitted via the Blackboard TestOut links or presented in class. Students are to submit assignments on or before the stated due date/time. **Late work is** *not* **accepted**.

Attendance Policy:

Students are expected to actively participate in the course and complete all assigned work. Excessive absences (two consecutive weeks of non-participation) *may* result in the student being withdrawn from the course or having their grade average reduced. Attempt will be made to contact you before this happens, but should an emergency arise, you will need to contact your instructor by phone or email should you not be able to meet this requirement. Please see the schedule of classes for the last day to withdraw. Religious Holy Days: please refer to the current Northeast Texas Community College Student Handbook.

Withdrawal Policy/Date:

It is your responsibility to drop or withdraw from a course or the college. If you stop attending the course without withdrawing, you will still receive a grade, whether passing or failing.

Video Recording of Course Activities

Certain portions of this course may be recorded via video conferencing software to assist students in course material review or later viewing by a student who was not able to attend the live session. The recordings will be made available only to students within the course and will cease to be available upon completion of the course. Students may not retain, reproduce, or share recordings.

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to, online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (http://www.ntcc.edu/) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.

Statement Regarding the Use of Artificial Intelligence (AI) Technology:

Absent a clear statement from a course instructor, use of or consultation with generative AI shall be treated analogously to assistance from another person (collusion). Generative AI is a subset of AI that utilizes machine learning models to create new, original content, such as images, text, or music, based on patterns and structures learned from existing data (Cornell, Center for Teaching Innovation). Unauthorized use of generative AI tools to complete an assignment or exam is not permitted. Students should acknowledge the use of generative AI and default to disclosing such assistance when in doubt. Individual course instructors may set their own policies regulating the use of generative AI tools in their courses, including allowing or disallowing some or all uses of such tools. Students who are unsure of policies regarding generative AI tools are encouraged to ask their instructors for clarification. (Adapted from the Stanford University Office of Community Standards-- accessed August 31, 2023)

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Tentative Course Timeline:

See next page

(*note* instructor reserves the right to make adjustments to this timeline at any point in the term): See Blackboard for detailed assignment instructions

Please WATCH the video under the Start Course Here folder before getting started on the assignments.

***Remember, you can attempt the Challenge Labs (assignments) and Applied Labs (quizzes) multiple times prior to the due date. The highest grade earned by the posted due date on the assignments and quizzes will be used for final grade calculations.
