

RNSG 2362 Clinical II
Course Syllabus: Spring 2025

“Northeast Texas Community College exists to provide personal, dynamic learning experiences empowering students to succeed.”

Instructor: Amanda Shaw
Office: UHS 211
Phone: 469-652-0605
Email: ashaw@ntcc.edu

Instructor: Carol Slider
Office: UHS 210
Phone: 903-348-2703
Email: cslider@ntcc.edu

Instructor: Kristi Newland
Office: UHS 202
Phone: 903-371-1628
Email: kneuland@ntcc.edu

Office Hours:	Monday	Tuesday	Wednesday	Thursday	Friday
Mrs. Shaw	Clinical Days: No office hours Non-Clinical Days: Via Teams	7:00 am-2:30 pm	7:00 am-10:30 am	7:00 am-8:30 am	Via Teams
Mrs. Slider	Clinical Days: No office hours Non-Clinical Days: 7:30-2:30	Via Teams	7:30 am-1:30 pm	7:30 am-10:30 am 12:30 pm-1:30 pm	Via Teams
Ms. Newland	Clinical Days: No office hours Non-Clinical Days: 8:30-3:30	8:30 am-12:30 pm	12:30 pm-4:30 pm	8:30 am-10:30 am	Via Teams

(hours may vary and will be posted)

This syllabus serves as the documentation for all course policies and requirements, assignments, and instructor/student responsibilities.

Information relative to the delivery of the content contained in this syllabus is subject to change. Should that happen, the student will be notified.

Course Description: A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professional. (Spring)

Credit hours: 1 credit hour

Lecture/Lab/Clinical: 96 hours of direct patient care

Prerequisite(s): Admission to the ADN Program

Corequisite(s): The student must pass all LEVEL I courses in order to be able to progress to Level II.

Student Learning Outcomes/Course Level Outcomes:

1. Apply knowledge of selected foundational concepts to clinical situations. (DECs IA)
2. Use clinical reasoning and knowledge, based on the nursing program of study to date, as the basis for decision-making and safe patient care for one patient in a long-term care setting. (DECs IIA)
3. Utilize a systematic process to develop a concept map for patient-centered care for a patient in a long-term care setting. (DECs I.A, I.C)
4. Identify potential safety issues in a patient’s environment. (DECs II.D, III.A, III.B)
5. Demonstrate beginning collaboration skills by using SBAR to report on patients. (PLO 1, 3, 12; DEC IV.A, IV.D)
6. Document a shift assessment within the EHR. (PLO 1, 3, 12; DEC IV.C)
7. Demonstrate professional accountability. (PLO 1, 2, 3; DEC I.B, I.C, I.D)
8. Adhere to standards of practice within legal, ethical, and regulatory frameworks of the professional nurse. (DECs III.A)

Evaluation/Grading Policy:

A minimum overall grade of “C” is required in all Academic and Nursing courses before using that course as a prerequisite for the next course in sequence. Academic courses (English, Ethics, etc.) typically work from a grade of 70 or higher for “C.” In preparation for the State Board examination, the letter grade assigned to all Nursing courses shall be determined as follows:

A= 90 – 100

B = 80 – 89

C = 78– 79

F = 77.9 and below

The average of the exam grades must be 78% or above to pass the course. Grades will not be rounded when calculating the average (77.5 – 77.9 is not rounded to 78). If the student's exam average is below 78%, they will not be eligible to sit for the final exam. Students with an exam average of 78 percent or higher will have course grades calculated based on the weighted calculation of the exams and other required coursework. The grade earned in this course will be based on the following criteria:

Clinical SIM.....	Pass/Fail
Clinical Assignments	50%
NCLEX Questions	25%
Pop-Quizzes & other Assignments	20%
Volunteer Hours.....	5%
Total	100%

The average of the exam grades must be 78% or above to pass the course. Grades will not be rounded when calculating the average (77.5 – 77.9 is not rounded to 78).

Posting of Grades: Exam grades will be posted within 72 hours of the exam. Assignment grades will be posted within 7 calendar days of the due date, or within 7 calendar days of submission if the assignment is turned in late

Late work will be graded, then ten points will be deducted for each day the assignment is late, up to three days. After the third day, the grade will remain a zero; however, all assignments are required to be completed in order to proceed to the next level of the program

Required Instructional Materials:

- *Nursing: A Concept-based Approach to Learning* (4th edition, Volume 3), (2023). Upper Saddle River, NJ: Pearson.

Institutional/Course Policy: Any other institutional or course policy refer to the student handbook.

Classroom Expectations: Please see the student handbook.

Clinical Expectations: Cell phones at clinical are permitted for emergency use only. They must be stored on silent, in a bag, and may only be checked during designated break or lunch times. Under no circumstances should phones be used in patient care areas. Violations of this policy will result in disciplinary point deductions. For additional clinical expectations, please see the student handbook.

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, its necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to, online through the Blackboard Learning Management System, online

conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.

Statement Regarding the Use of Artificial Intelligence (AI) Technology:

Absent a clear statement from a course instructor, use of or consultation with generative AI shall be treated analogously to assistance from another person (collusion). Generative AI is a subset of AI that utilizes machine learning models to create new, original content, such as images, text, or music, based on patterns and structures learned from existing data (Cornell, Center for Teaching Innovation). Unauthorized use of generative AI tools to complete an assignment or exam is not permitted. Students should acknowledge the use of generative AI and default to disclosing such assistance when in doubt. Individual course instructors may set their own policies regulating the use of generative AI tools in their courses, including allowing or disallowing some or all uses of such tools. Students who are unsure of policies regarding generative AI tools are encouraged to ask their instructors for clarification. **(Adapted from the Stanford University Office of Community Standards-- accessed August 31, 2023)**

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
